7. The Great American Clean up Mike Dexter
- a. There were 2 sessions of this activity
  - b. Turnout was smaller than expected. Second session had more participants.
  - c. Lesson Learned: Announcement and call for volunteers should be earlier. Event should be on 2 separate weekends. Event should take place earlier on Saturdays because people have full schedules for that day. Earlier would be more convenient.
  - d. Students at La Puerta would be logical volunteers especially if notified about this well in advance and if they could do planting instead of pruning and trash removal. This would be safer for children too.
  - e. It would be better to decide what tasks the volunteers will do before they meet to work. For example – clean up the medians or clean the site along Veranda.
  - f. It was suggested that the Veranda stretch along the north side of the street be done in the fall to coincide with the annual Green Waste pick up.
